

# NORTH ANDOVER SCHOOLS ENRICHMENT COUNCIL

September 2019

Dear Parent/Guardian,

NASEC is a nonprofit, 501(c)(3) organization comprised of representatives from each of the five elementary schools and the middle school. Our enrichment programs are largely funded through the membership dues paid by your school's PTO/PTAC. However, it is only with the generous support from parents/guardians like you that we are able to fully fund current programs. **We receive no funding from the town or school district.**

As we begin the 2019-2020 school year, please consider making a tax-deductible gift to NASEC. Thank you for your continued support.

**Please make your donation on-line at or at the address below:**

*All contributions are appreciated, acknowledged and tax-deductible and should be made payable to NASEC.*
